austinberke

## Education

**B.S. Computer Science, University of California – Los Angeles**

**Expected June 2019**

Dean's Honor List Spring 2016, ALD & PES Honor Societies, GPA: 3.64

**Calabasas High School**

**June 2015**

Valedictorian, GPA: 4.41

## Experience

**Songabout.fm, Freelance Web Developer**

**Nov 2015 - current**

- Deployed a virtual private server and migrated PHP web application from shared hosting
- Integrated the application extensively with YouTube, Echo Nest, and Last.fm APIs
- Introduced fixes to improve page load times by over 500%

**BerkeHakimi, Technology Consultant**

**Jan 2012 – current**

- Developed website for the BerkeHakimi law firm using WordPress with custom plugins and modifications
- Implemented a physical and cloud-based networking solution for five workstations
- Transitioned several assorted webmail accounts to a centralized IMAP server

**SongNova, Co-founder and President**

**Feb 2012 – May 2015**

- Oversaw development of a music-based social network – contributed to and modified PHP/JQuery code
- Managed a three person team and collaborated with several freelance developers and designers
- Devised and executed a social media marketing plan including the social network's transition to a music blog

## Skills

- Web development
  - HTML, CSS, WordPress, PHP/MySQL
- Miscellaneous programming
  - C++, Linux, Git, Java
- Software experience
  - Adobe Photoshop, G Suite, Microsoft Office, Adobe Premiere Pro

## Projects

- Built a PacMan-style game with a complex object hierarchy and breadth-first search algorithm
- Created a malware scanning web crawler including a hash table-based custom data structure
- Produced a memory-efficient program to process MIDI data with only 8K of RAM available
